# 30 IndiGo planes grounded due to engine shortage

Airline plans alternatives to boost capacity; Go First, too, hit

ANEESH PHADNIS  
Mumbai, 7 November

IndiGo is planning to extend the lease of in-service planes and induct new aircraft on wet lease because supply-chain disruption has forced the grounding of 30 Airbus A320 planes.

Go First, which is facing a similar issue, has increased the utilisation of its operational aircraft to cover up the grounding of its Airbus planes.

Go First is operating fewer flights than it did last winter and is trying to maintain the schedule it filed by increasing aircraft utilisation.

IndiGo, the country's largest airline, operates a fleet of around 280 planes, which include Airbus A320 (CEO/NEO), A321 and ATR-72 aircraft.

Go First has 58 Airbus A320 (CEO/NEO) planes in its fleet and is operating 30-32 of them.

IndiGo and Go First's Airbus fleet is powered by Pratt & Whitney and CFM engines.

A source in Go First said the airline was expecting up to 16 engines from Pratt & Whitney this month. The airline is also evaluating dry leasing a few A320 planes to overcome capacity shortage.

"Globally, the aviation industry continues to face significant supply chain disruptions. While it is our immediate priority to deploy adequate capacity to serve our customers, we are actively engaged with our OEM (original

equipment manufacturer) partners to work on mitigation measures that should ensure the continuity of our network and operations. As we work on various cost-efficient countermeasures with our OEM partners, the endeavour is to minimise the economic impact of around 30 aircraft on ground resulting from this global disruption," IndiGo said in a statement.

According to industry executives, a short supply of engines, components and a backlog at engine overhaul units are causing challenges.

IndiGo said some of the measures being evaluated included slowing redeliveries through lease extensions, exploring the re-induction of aircraft into the fleet, and evaluating the wet lease options within the regulatory guidelines.

IndiGo has increased its capacity on a year-on-year basis, resulting in passenger and revenue growth in the second quarter of FY23.

The airline's loss, however, widened 10 per cent to ₹1,583 crore due to a weak rupee and increase in fuel cost.

While the grounding of the aircraft has created a challenge, the airline continues to target growth.

"We are bullish on market opportunities and will continue to add flights in existing and new markets," IndiGo said.

On November 1, aviation consultancy firm CAPA said more than 75 planes of Indian carriers were grounded due to maintenance and engine-related issues. These planes, which account for 10-12 per cent of the Indian fleet, are grounded due to such reasons.

"These will have a significant impact on financials in the second half," CAPA had said in its India Mid-Year Outlook 2023.

# Jio Payments may become subsidiary of Jio Fin Services

SURAJEET DAS GUPTA  
New Delhi, 7 November

Jio Payments Bank (JPB) — a joint venture between Reliance Industries (RIL) and State Bank of India (SBI) — is likely to become a subsidiary of the proposed new listed entity, Jio Financial Services (JFS), as part of the overall restructuring of the group's financial services business which was announced a few days ago after its quarterly results.

The move is expected to give the payments bank, which has been lagging behind with very limited business, a new focus as it has been identified as one of the areas the group will be giving a renewed push to.

The company had announced it would demerge its financial services business into Reliance Strategic Investments (RSIL), which will be renamed JFS and listed on the stock exchanges.

RSIL is a wholly owned subsidiary of RIL and a Reserve Bank of India (RBI)-registered non-banking financial company.

RIL holds 70 per cent in Reliance Payments Bank (RPB), the remaining shareholding is with SBI.

Sources in the know say that this 70 per cent stake held by RIL will be transferred to JFS. SBI will continue to own the rest of the 30 per cent in RPB.

Spokespersons for RIL and SBI did not respond to queries until the time of going to press.

The joint venture (JV) commenced its business in 2018 after it was one of the players that was given a licence by the RBI.
